

4th Symposium on:
**Adsorption and other Interfacial Phenomena in
Carbon Materials**

1st/2nd April 2008

Hosted By:

**MATERIALS RESEARCH CENTRE
SCHOOL OF ENGINEERING
THE ROBERT GORDON UNIVERSITY
ABERDEEN AB10 1FR (UK)**

Sponsored by SCI Scottish Group

FIRST ANNOUNCEMENT and CALL FOR PAPERS

A two-day meeting on adsorption and other surface and interfacial phenomena in porous carbons and related materials such as carbon fibres, nanotubes, carbon blacks, composites, catalytic and biomedical systems.

The meeting will comprise themed sessions with keynote speakers and will be of interest to all those involved in the manufacture, characterisation and use of porous carbon adsorbents or other carbon-based systems where surface properties determine performance whether in a research or production environment.

Expressions of interest and scientific contributions in the form of aural presentations or posters to: Prof. R. Bradley r.bradley@rgu.ac.uk or by post to the above address.

Full registration fee £120, or £90 for members of BCG and students (both inc. VAT) including all meals and refreshments and a formal dinner on the evening of the first day of the meeting. Accommodation will be in local hotels. Student bursaries may be available (please consult 'bursaries' link on www.britishcarbon.org)
