

ASSOCIATION
«CARBON»
in UKRAINE

The
British Carbon Group

This is to certify that

A bilateral agreement exists between the UK body, the British Carbon Group (which is a registered charity (207890) affiliated to and sponsored by The Royal Society of Chemistry, The Institute of Physics and The Society of Chemical Industry) and the Ukrainian body, the Association “Carbon” in Ukraine (which is a registered non-profit public organization, Certificate 0079-2009), whereby members of either group are eligible for the host nation's members rate to register and attend the respective group's scientific meetings. Further, each body desires to promote and encourage opportunities for collaboration in carbon science between their respective memberships.

This agreement was entered into this June 18, 2010
and expires on the 5th Anniversary.
